

Md. Mehedi Hasan

☎ +880 17010 72421 | @ mmehedihasann@gmail.com | 🔗 LinkedIn | 🐙 GitHub | 🌐 Website | 📍 Rajshahi, Bangladesh

EDUCATION

Rajshahi University of Engineering & Technology

Rajshahi, Bangladesh

M.Sc. in Computer Science & Engineering; CGPA: 3.75/4.00

Mar 2020 – May 2023

B.Sc. in Computer Science & Engineering; CGPA: 3.76/4.00

Jan 2015 – Aug 2019

RELEVANT COURSEWORK & THESIS

M.Sc. Coursework: Machine Learning, Advanced Digital Image Processing, Biometrics, Pattern Recognition, Software Testing, Evolutionary Algorithms

M.Sc. Thesis: *Bengali Handwritten Consonant Conjuncts Recognition by Utilizing Deep Convolutional Neural Network*

M.Sc. Supervisor: *Prof. Dr. Md. Ali Hossain*

B.Sc. Coursework: Data Structure, Computer Algorithms, Discrete Mathematics, Object Oriented Programming, Vector Analysis and Linear Algebra, Statistics and Queuing Theory, Database Systems, Computer Architecture and Design, Artificial Intelligence, Neural Network and Fuzzy Logic, Digital Image Processing, Software Engineering

B.Sc. Thesis: *A Combined Approach using Image Processing & Deep Learning to Detect Pneumonia from Chest XRay Image*

B.Sc. Supervisor: *Prof. Dr. Mir Md. Jahangir Kabir*

WORK EXPERIENCE

Rajshahi University of Engineering & Technology

Rajshahi, Bangladesh

Lecturer, Department of Mechatronics Engineering

Jun 2021 – Present

- Supervised 17 students in their undergrad thesis and case studies.
- Helped upgrading a laboratory named “Artificial Intelligence and Computer Simulation Lab”.
- Helped organizing 2021 International Conference on Automation, Control, Mechatronics and Industry 4.0 (ACMI), Robotronics 2.0, Intra-University Programming Competition, MTE Day
- Courses Taught: Computer Fundamentals & Programming, Software Engineering, Microcontroller and Interfacing, Network and Communication Systems, Machine Learning Algorithms, Artificial Intelligence, Signal and Linear Systems, and their corresponding sessional courses.

Bangladesh Army University of Engineering & Technology

Natore, Bangladesh

Lecturer, Department of Computer Science and Engineering

Sep 2019 – May 2021

- Supervised 15 students in their undergrad thesis.
- Vice President of BAUET Computer Society, Vice President of BAUET Programming Club.
- Courses Taught: Computer Fundamentals, Introduction to Computer Systems, Structured Programming Language, Object Oriented Programming Language, Computer Network, Operating System, Software Engineering, Artificial Intelligence, VLSI Design, and their corresponding sessional courses.

PUBLICATION & RESEARCH EXPERIENCE

AWARDS & ACHIEVEMENTS

Project Director Awarded a project titled "Sign Language Recognition Utilizing Deep Learning to Help Deaf-Mute Community using RISC-based Processor" from RUET worth 1,50,000/- Taka only for 1 year. Memo. No.: DRE/7/RUET/574(58)/Pro/2022-23/45

Recipient of Technical Scholarship of RUET Awarded Technical Scholarship for excellent result throughout the Bachelor period (2015-2019) with a full tuition waiver and stipend.

Recipient of Bangladesh Education Board Scholarship-SSC level Awarded Bangladesh Education Board Scholarship for excellency in Secondary School Certificate (SSC) examination in General Grade-Full Tuition Fee waiver and stipend in Higher Secondary Certificate (HSC) for the period of 2012 to 2014.

Recipient of Bangladesh Education Board Scholarship-Grade 8 Awarded Bangladesh Education Board Scholarship for excellency in Grade 8 Scholarship examination in Talent-pool Grade-Full Tuition Fee waiver and a stipend during Secondary School for the period of 2010 to 2011.

Recipient of Bangladesh Education Board Scholarship-Grade 5 Awarded Bangladesh Education Board Scholarship for excellency in Grade 5 Scholarship examination in Talent-pool Grade-Full Tuition Fee waiver and a stipend during Secondary School for the period of 2007 to 2009.

TRAINING & VOLUNTEERING ACTIVITIES

Reviewer "IEEE Access, Informatics in Medicine Unlocked (Elsevier), Neural Networks (Elsevier), Journal of Visual Communication and Image Representation (Elsevier), International Journal of Information Systems(Hindawi)".

Trainer "Hands-on Python: Introduction to Machine Learning Universe", arranged by IEEE Robotic and Automation Society, Rajshahi University of Engineering & Technology, Bangladesh from 18-19 May 2023.

Trainer "Introduction to Oracle", arranged by Ministry of ICT, Bangladesh. 60 hours long training session.

Trainer "Introduction to Blockchain Technology", arranged by Ministry of ICT, Bangladesh. 60 hours long training session.

Judge "Hult Prize 2023", Department of Computer Science and Engineering, Bangladesh Army University of Engineering & Technology, Natore, Bangladesh on 28 February 2023

Judge "Mind Storm", arranged by the Department of Computer Science and Engineering, Bangladesh Army University of Engineering & Technology, Natore, Bangladesh

PROJECTS

Blockchain based Vending Machine | [GitHub](#)

- It's an example of Blockchain technology, particularly Ethereum. Very simple vending machine project where the owner can initiate the machine, add resupply, and cash out into another account if needed. Customers can purchase products through ether.
- Written in Solidity.

Juktomala dataset | [GitHub](#)

- There are 400+ active Bengali characters used in the literature according to Bangla Academy, 293 of them are compound characters. This dataset is a collection of those compound characters and is augmented to create 50 samples per class in total.

Online Coding Lab | [GitHub](#)

- This is a web app for grading students' code written in C/C++. The student will create an account, the teacher will approve the account. The teacher can upload the problem number and the correct output to the database. After that, the student will submit the code and it will be processed by JDoodle API and return the output of the code. If the output matches the databases' output, the code is accepted.
- Written in PHP, JDoodle API has been used.

Exam Hall | [GitHub](#)

- During COVID, students couldn't attend physical classes and tests. This software aims at tackling the challenge of taking tests from home. If the student opens any software when this software is running, a log will be created and the software will automatically be closed. The software includes questions that can be fetched via the internet from a database. Students can switch between different questions without finishing every single one.
- Written in Java, JDBC driver has been used along with MySQL for Database.

Mat2CSV | [GitHub](#)

- Convert any .mat file into CSV format
- Written in Python

Image Cropping Manually | [GitHub](#)

- Crop any image manually. After loading the image, users will be able to select the area they wish to crop and save.
- Written in Python, OpenCV

Bangla Sign Digits | [GitHub](#)

- There are 10 sign digits in the Bengali Language. This project is a collection of those in sign language format.

Basic AutoML | [GitHub](#)

- If a preprocessed CSV dataset is provided, the user can select any machine learning model from Linear Regression, Naive ayes, K Nearest Neighbor, Support Vector Machine, etc. and the model will be run 10 folds and the mean accuracy with standard deviation will be printed.
- Written in Python

Neural Network from Scratch | [GitHub](#)

- Some basic neural network was implemented using Python without any library such as Perceptron, Hopfield Architecture, Kohonen Architecture, etc.
- Written in Python

Facebook Twitter Data Collector and Analyzer | [GitHub](#)

- This software can retrieve tweets based on provided hashtag and Facebook posts from any Facebook group. The data pulled from the platforms can be saved into JSON format for further use.
- Written in Java, Facebook4J and Twitter4J API were used.

Root Finder | [GitHub](#)

- This android app can calculate and print the steps of finding root using some method like Newton Raphson etc.
- Written in Java, XML.

SKILLS

Programming: Python, C, C++, Java, JavaScript, PHP, MATLAB, MySQL, ORACLE

Technologies: Git, Tensorflow, Keras

Operating System: Windows, Mac, Linux

Languages: Bangla (Native), English (Professional)

IELTS: Overall: 7.5 (L: 7.5, R: 9.0, W: 6.5, S: 7.5) Test Taken: 10 August 2023
